

more efficient

Eliminate waste by 100% with wash-off labels.

Etivoet's patented and certified water-resistant wash-off labels are a guaranteed cost-effective solution for all returnable bottles.

TESTED & APPROVED BY

Etivoet wash-off beverage labels feature this recognisable and universal symbol that clearly distinguishes them from ordinary ones. Naturally, all of our labels comply with Belgian regulations (Article 8.1 of Royal Decree) on the removability of labels from returnable bottles.

etiVoet

Don't let your labels
undermine your efforts
towards a greener future.

Our self-adhesive wash-off labels are specially designed for use with returnable bottles. They stay firmly in place during use, then slip off easily during washing. Achieve a sustainable transition with no additional effort or complications.

Wash-off labels

**Stick
when they
need to.
Wash off
when they
have to.**

etiVoet

Stuck with sticky labels?

Bottles can have an unpredictable shelf life. That is why all of our labels are tested and designed for a long lifespan. Our wash-off labels are sharply printed, strong and water-resistant, and stand up well to temperature changes.

"Simply put, self-adhesive labels offer much more flexibility and higher quality than cold-glue labels. Etivoet has solved two problems with a single product: its labels are not only of outstanding quality, but also easy to wash off."
